INTRODUCTION TO DATA SCIENCE · INTERACTIVE EXPLORER

🚀 Global Space Missions

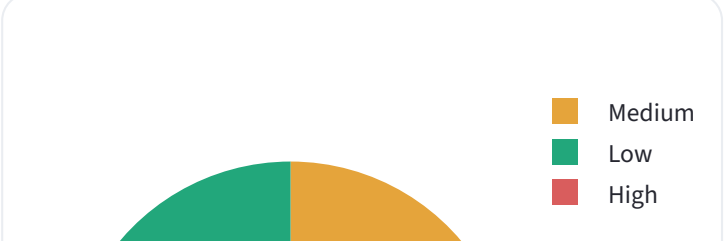

Explore mission activity, budgets, success rates, technologies, launch sites, and environmental-impact categories in the supplied dataset.

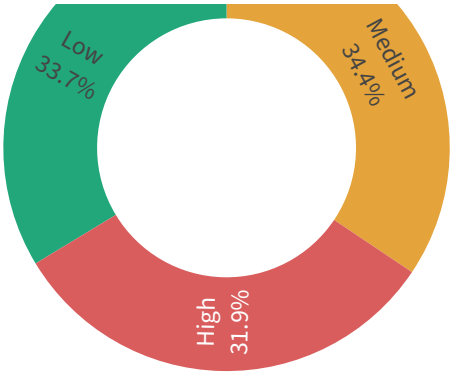

Missions	Countries	Average success rate	Average budget	High-impact label share
3,000	10	75.0%	$25.43B	31.9%

Showing 3,000 of 3,000 records · 2000–2025

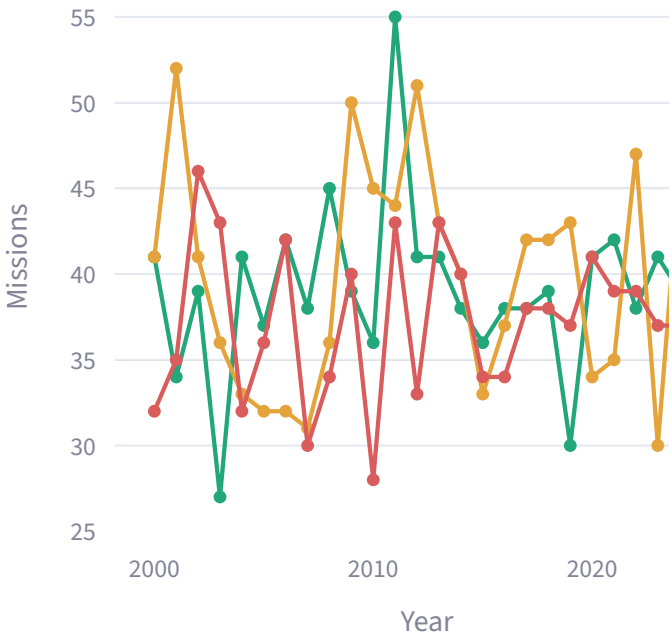

Overview | Countries & Technology | Mission

Mission activity and impact profile

Share of the existing impact labels in the filtered data.

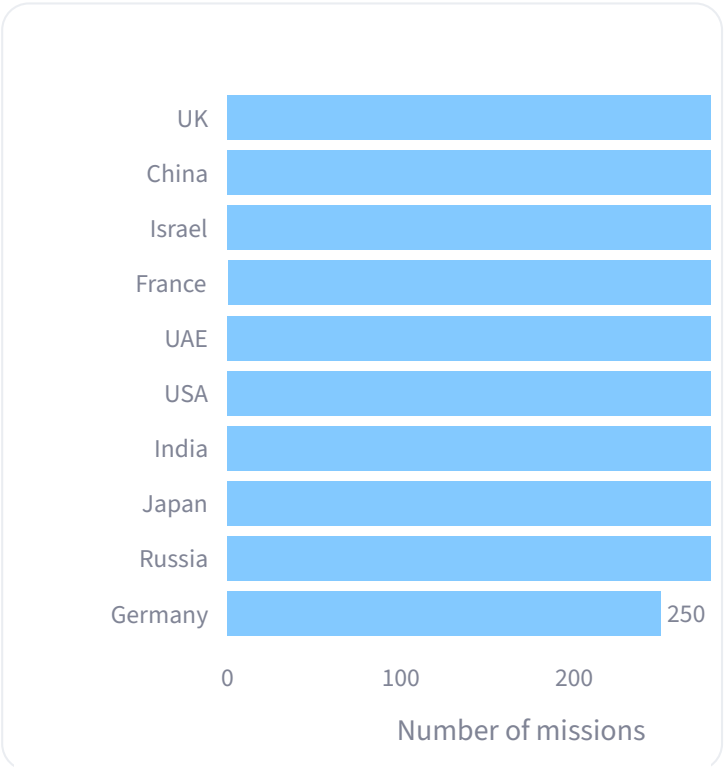

Annual mission counts grouped by the dataset's impact labels.

Mission types split by impact category.

Ten countries with the most missions in the current selection.
